PRIOR INDUSTRY EXPERIENCE

Senior Managing Director, FTI Consulting | Houston Energy Group | Economics Practice | Energy, Power & Products Industry Solutions 2016-2017

- Directed a team of 15 toward a strategic goal of a broader solution set providing strategic and management consulting upstream of traditional litigation support services
- Successfully integrated departmental client outreach efforts with corporate key accounts
- Secured engagements with global energy companies providing opportunities for intra-company collaborative growth

Director, Black & Veatch Management Consulting LLC | Oil, Gas and Mining | 2011-2016

- Provided the regulatory due diligence for the potential acquisition of over \$4bn in gas pipeline assets
- Developed regulatory strategies and filings for a Greenfield pipe to a proposed gas-fired power plant
- Conceived and developed the C³ conceptual model creating a framework for integrating and analyzing trends and issues in the gas industry such as the convergence of gas and electric markets.

The Pythia Group LLC, Natural Gas Regulatory Consultants | Founder/Manager | 2009-2011

- Provided regulatory due diligence for a midstream company evaluating the purchase of an interstate pipeline.
- Retained in various FERC rate cases as expert witness and to provide analysis for a client group

Enterprise Products Partners | Director Regulatory Affairs | 2004-2009

- Conceived and implemented solutions to recover \$80 million of stranded pipeline investment
- Developed an innovative market hub strategy, enhancing margins for gatherers and processors

El Paso Corporation, ANR Pipeline Company | Director Regulatory Affairs | 2001-2004

- Developed and implemented strategy, and acted as the company witness in litigation before the FERC with exposure exceeding \$100 million
- Managed the litigation of proxy group issue before the Court of Appeals for the DC Circuit which eventually led to FERC establishment of new policy on proxy groups

RICHARD W. PORTER

Coastal Corporation, ANR Pipeline Company | Assistant Vice President Regulatory Affairs | 1992–2001

- Created the time-of-day rates concept for power generation transport services approved for Gulfstream pipeline
- Responsible for the development and application of rate case strategic and financial positions used throughout its last rate case, negotiating a successful settlement

CenterPoint Energy Gas Transmission | Manager Regulatory Affairs | 1986–1992

- Drafted, filed, and received approval for the company's first open access tariff the associated transportation rates
- Developed, filed, testified, and coordinated rate cases before the Arkansas Public Service Commission

Panhandle Eastern Pipe Line Company | Rate Analyst, Senior Rate Analyst, Assistant Manager Certificates | 1979–1985

- Participated in the development and presentation of system expansion proposals to various producers looking to attach supply to the pipelines
- Responsible for a competitive analysis study to determine the pipeline's ability to compete in an open access environment
